MINUTES

INFORMATION TECHNOLOGY COMMITTEE

February 17, 2010

Meeting called to order 3:00 p.m.

Present were: Richard Lopatosky, John DeGioia, Chuck Motes, Dawn Miceli, Sue Smayda, John Weichsel, Chief Clark, and Leslie Cotton

Approval of Minutes: Motion by Chuck Motes, second John DeGioia. Unanimous

GIS System – is currently being updated to a web-based access version. Gives greater access to more layers of information. Working on a server within our network. Working on accessing permits and other scanned documents through the GIS

Permit System – Working on Permits for the Water Pollution Control and Sewer Office Permits

Scanning of Maps/Documents – Sewer Lateral Cards are near completion

Web Page - Meetings now on-line. Slow down-load speed.

Upgrade of Network – Trying to solve Internet/network bottleneck

Old Business - Bulky Waste Transfer Station Permits through the Town Clerk's office. Network speed needs to be improved to speed up the process.

Library self check out workstation is working extremely well.

New Business – None

Motion to adjourn by Chuck Motes second by Leslie Cotton

Meeting adjourned at 3:22 p.m.
