

Construction News

ConnDOT Project No.

170-3084 (traffic signal LED re-lamping at various intersections within various towns)

The Connecticut Department of Transportation is announcing that construction work will begin on August 27, 2012 for the replacement of traffic signal LED's at various intersections within various towns, between August 2012, and October 2013. An alternating one-way traffic pattern using traffic control will be utilized on a daily basis to perform the construction work. The contractor will not be allowed to interfere with traffic between 6:00 A.M. to 9:00 A.M. and between 3:00 P.M. to 6:00 P.M., Monday through Friday and 10:00 A.M. to 6:00 P.M. on Saturday and Sunday.
