

November 29, 2020

I Richard Salzillo approve of our neighbors Simon and Diana Roby to install a carriage house / shed on their property located at 110 Holly Hill dr. To be installed at a pre-existing parking space at the end of their driveway. We understand that they are unable to obtain the zoning setback required by the Town of Southington and must go for a variance. The carriage house / shed itself can only increase the beauty of our neighborhood.
