Dear Mr. Lavallee,

I am writing in support of Robert and Jennifer Zangrandi's proposed plan for an extension on their existing garage located at 28 N. Summit Street. Robert and Jennifer informed me of their plans because I reside on Autran Avenue and the construction will be taking place along the back of my property line. Their current garage sits right at the back of my property line and I understand they want to build an extension to their current garage. I have no objections to this construction at all. Robert and Jennifer are good neighbors and have spent many years taking very good care of their property, making many nice improvements.

Sincerely,
Jonathan Tomczak

43 Autran Avenue
Southington, CT

you!
