

Mr. Phillips -

As a property owner at 46 Doral Lane which is within 500 feet of 295 Laning St, I'm FIRMLY OPPOSING the development of a HOD for the following reasons:

- Southington as a town is being overdeveloped in a rapid fashion that is becoming a negative for the area. There is absolutely no need for a 55+ community housing development to be placed in the proposed property. This is a residential neighborhood and that area provides privacy and separation to those residents on Doral Lane.

-On that street, there is already a apartment complex, holiday inn, church and business property. That area of trees and land is the only true privacy we as residents have.

-Noise control is going to be a major issue. My wife and I have a 7 month old child and are expecting a 2nd by the end of the year. This is noise and unnecessary for the area.

Please take into serious consideration the objections that I've made in opposing this proposal.

Sincerely,
John Brickley
46 Doral Lane
