

3/6/2021

Dear Sirs,

My name is William Shea and my wife and I reside at 500 Curtiss Street here in Southington. I am writing this letter at the request of our neighbors, Kelley Babcock and Robert Gorski who live across the street at 511 Curtiss Street. I understand that they will be seeking a property variance in order to put an addition on the side of their existing residence which will bring it slightly closer to the property line than zoning currently allows. We wish to state that for our part we have no objection to this variance being allowed.

Respectfully,

William M Shea
