Relative to your inquiry regarding the choice between one or two access points, in my opinion it would always be safer to have two separate access points rather than just one. If one access point becomes blocked in the event of an emergency the ability to access from a different area could be the difference between a major tragedy and a positive outcome.

Thanks.
Chief Jack Daly

Good afternoon Gentlemen,

We are going to need to paper the file and the applicant has requested your comments in writing on the Laning 830g Affordable Housing proposal on the PZC agenda. Would you be able to transmit those on Monday the latest? Please let me know if you have any further questions or concerns. I'm free to discuss on Monday as well if need be.

Thank you

Robert A. Phillips, MS/MPA, AICP

Director of Planning and Community Development

John Weichsel Municipal Center

196 North Main Street, Southington, CT
