We are required by statute to refer out to the regional planning agencies on any text amendment that may affect abutting municipalities. I always request that they respond less than the 35 days allowed, however they don't always meet in that time period. In this case, they meet in 2 days from now.

Good Evening Rob,

Can you please let me know why the proposed regulation was tabled until the May meeting? Did you get my prior email this evening?

Thank you,
