I am opposed to this zoning change because I am greatly concerned about the increased traffic burden on Laning street, the potential environmental impact to the wells of those of us who live on Doral Lane and what I believe are insufficient reasons for the Zoning change.

If the town has established a certain zone (residential) and homeowners such as myself purchase land and build homes, expecting that zoning to apply, why should a developer's interest supercede those of us homeowners? I don't think it should and would ask the Board to strongly consider the opinions of those who would be affected by this change.

Thank you for your consideration.

Jim O'Hara MD
