SOUTHINGTON  
PLANNING & ZONING DEPT.

July 11, 2021

Dear Zoning Board of Appeals,

We submit this letter regarding Appeal #6525A, the application for a variance by Ryan Kelly and Brian Meccariello (the applicants) for the parcel of land located at 34 Williams Street, Southington.

We ask you for a 2 week extension for this variance request. The plans for the variance were not available until Friday, July 9. We will be hiring a lawyer to review these new plans in order to understand what is now being proposed.

It appears upon quick review that the applicants are proposing a Williams Street driveway to Parcel A. We state very clearly here that we oppose that approach. IF you approve ANY variance, we ask that both driveways for Parcel A and C, be entered from Matthews Street, as the property originally was a Matthews Street facing property.

Also, we would like to bring to your attention, neither Attorney Meccariello nor Ryan Kelly spoke with any neighbors besides Ms Craffey, during this appeals process. They did not speak with us, nor the Testa family next door.

Also, once again, the sign posted regarding the variance, a requirement of this appeal, is posted behind the shrubs on the property, when there is a perfect area of clear property on which to post that sign. Again.

Please grant us a 2 week extension to review the current plans that were made available to us very late, on Friday, July 9.

Thank you to each of you for your consideration.

Angelo & Maria Calandra  
59 Howard Ave, Southington
